Golang	● ● ● ● ●	Nodejs	● ● ● ● ●
Docker	● ● ● ● ●		

Projects

Library management system

Built a website where students can search for books and add them to their list. Students can check which books are available. Tech stack used is Go, Angular and MySQL. Also used Docker to create image and deployment purpose.

Budget Planner

This is a side project I am currently working on. Purpose of this application is to simplify budgeting for an individual. It uses envelop style budgeting technique. Tech stack used is Nodejs, Angular, Express and MySQL.

Interests

Playing, Trekking, Reading
